**Subject:** Many thanks

Sunita

A big apology for not getting this email of thanks to you as soon as the sale of Provek had completed. Sadly I have spent the time since closure with announcements and doing lots of 'important' jobs for Provek that were left during the past three or four weeks of 'fun'.

However now that the world has slowed down a little, I would just like to thank you for all of your efforts and the very professional way in which you drove the sale of Provek to completion. I know that this provided its challenges and I really appreciated your support to me during some of those exciting times. Your negotiation skills and experience through this process were excellent - very much appreciated.

I also appreciated the support of other BCMS Corporate team members during the sale including Margot, Howard and Geoff. I am sure there were others and would appreciate you passing my comments on - THANK YOU ALL FOR A GREAT JOB DONE.

Kind regards

Trevor
